### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Nicholas J. DiCeglie, Jr. on 10-2<sup>nd</sup>-09.

Claim 9: (page 4 of the amendment) On the second line, after the word 'treatment', delete **"and/or prophylaxis"**.

Claim 10: (page 4 of the amendment) On the first line, after the word 'for', delete **"controlling"**, and insert – treating – in its place.

### ***Allowable Subject Matter***

Applicant's amendment of 6-29-09 has overcome the previous 112 rejections by deleting limitations of indefinite metes and bounds. With no other outstanding rejection, pending claims 1-4, 6 and 9-18 are now allowed.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The invention is drawn to compounds of substituted (2-phenyl)-[4-(carboxylic acid)methyl]-(3-phenyl)-dihydroquinazoline; pharmaceutical composition thereof, and a method of treating viral infection using said compounds. The closest reference, **Lee et. al.** (US 7,271,260 B2), teaches intermediates of a related structure. However, said intermediates do not have a substituent equivalent to the instant R<sup>9</sup> on the phenyl ring. Also, the effective filing date of Lee et. al. does not antedate the effective filing date of this application. Thus, it is not even a competent prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
